Equal Opportunities Policy

CT Production follows the principle of equal opportunities in employment. All forms of unlawful and unfair discrimination are opposed, including but not limited to: race, colour, nationality, sex, marital status, age or disability (disability is considered within the practical arrangements of CTP facilities).

CTP believes that when employment opportunities arise, it is in the best interests of the organisation to consider the best skills available throughout the community. To this end, within the framework of the law, CTP is committed, wherever practicable to achieving and maintaining a workforce to broadly reflect the community in which it operates.

Every possible step will be taken to ensure that individuals are treated fairly and that opportunities and access to training and assessment, selection for promotion and career management are based solely on objective and job related criteria.
